where I helped provide the diagnostics, so people would understand why the accident happened.

Q Mr. Anderson, you are obviously testifying here today on behalf of Ford.

Have you testified before on behalf of other corporations in personal injury accidents?

A Yes.

Q Okay. Can you estimate approximately how many times you have testified in a personal injury action?

A By testify, you mean in trial or deposition?

Q Let's address both aspects.

How many times have you testified at trial, do you recall?

A I don't know the exact numbers. Somewhere between 10 and 15 at this stage, I would think, maybe between 8 and 15.

Q Okay. Have you been deposed more frequently than that?

A Yes.
