Glam.

Dear Professor Cochrane,

Mesotheliomas

Mr. L. J. Davies, Engineer of our Rhoose Depot, told me some weeks back of your request for information about certain former employees of yours.

I shall be pleased if you are able to come to Trafford Park for discussions with myself and any of the following dates:-

Thursday, 22nd November
Monday, 26th November
Thursday, 29th November

It will be most convenient if you are able to arrive at about 3.30 p.m.

I look forward to meeting you in the near future.

Yours truly,

J. E. SHEPHERD

Dear Mr. McCormick,

Mesotheliomas

Thank you for your letter of 31st October, returning my files about collaboration with the Pneumoconiosis Research Unit. I note the dates that you have free at the moment, and no doubt you will be selecting the one which suits both Mr. Hove and Professor Cochrane. I do not know whether you already have this in mind, but might I make the suggestion that you might find it extremely helpful to have Dr. Knox present. If this suggestion commends itself to you perhaps you will be good enough to write to him direct in the matter.

Yours faithfully,

Secretary.
