Mfg. Supt.
Foremen
Hourly

Feedback: To Whom
Where

STOP Statistical Analysis

The first STOP data is coming in for May. J. G. Trafton's areas is the first to supply data.

STOP observations have dropped off in some areas of the plant.

A STOP card analysis will be presented to the PMSB, July 27th.

The plant news will have three activities in it on safety.

Other Old Business

A safety brochure on off-the-job summer safety will proably be handed out to all employees at the main gate.

New Business

SHAC has been given the following assignment from Accident Investigation Report No. 84-4:

"Determine the feasibility of simplifying the use of emergency equipment (emergency telephone communications and removal of respiratory equipment protective packaging)."
