

Whether Mrs. Madalynne Oben-
 ein, accused jointly with Arthur
 Borch of the murder of J. Ed-
 Kennedy in Beverly Glen, will
 admitted to bail pending her
 trial on the charge was an open
 question yesterday. While there
 is a rumor that Paul Schenck and
 hard hitting defense attorneys,
 taken steps to apply for bail,
 action was taken in any court
 today.

Los Angeles Times
9-7-1921

should such an application be
 made, the prosecution, represented
 by Dep. Dist. Atty. Keyes, will re-
 sist that the District Attorney's
 office be permitted the five days re-
 quired by law to consider such a
 case. No action was taken yes-
 terday in court. It was stated at the
 District Attorney's office, nor was
 any action made upon the District
 copy.

Expect Hines' Successor to Help Schools

High officials of the Board of
 Education regard as a long step
 toward school improvement work
 the appointment of Dr.
 H. C. Griffin, former head of
 the department of education of the
 state of North Dakota, as as-
 sistant director to the department of
 study and research of the Los
 Angeles schools. Dr. Griffin will
 be under the direction of Dr. A.
 Oberland.

A new assistant director takes
 the place of Dr. H. C. Hines, who
 was in the department of educa-
 tion of the University of Washington. Dr.
 Griffin's work will be primarily along
 the improvement lines, working
 with principals and superintendents
 to attempt to improve courses
 of study and the methods employed
 in teaching after the educational
 needs of subnormal and abnormal
 children.

BERRY IS LOSER.

Frank Candler Falls to Gain
 Release in Dunkin' Case.

A. Berry, formerly cashier of
 the bank, who was convicted
 of acting as an aide in
 operations in this city, failed
 today in his attempt to be ad-
 mitted to bail pending his appeal
 of his trial to the District Court,
 attorney Paul Schenck.

Your Paint Dollar

—How Big in 5 Years

THE best paint will be good
 five or more years hence, if
 properly applied. Cheap paint,
 on the average, starts cracking in
 twelve months.

It's what paint *covers* that you
 want to save—not merely a few
 cents per gallon in *first* cost.

Cheap paint does not spread as
 easily or as far as good paint. So
 when you figure labor and square
 yards covered, cheap paint on the
 house costs just as much as good
 paint.

• • • • •

Cheap paint in practically every instance,
 is the most expensive you can buy.

Don't allow surfaces to rot. It costs less
 to paint them.

The paints specified by Fuller are the
 result of 72 years' experience in the making
 of all kinds of paints, varnishes, etc., for
 western use.

We use the best materials, **PURE PIONEER WHITE LEAD**, pure linseed oil,
 zinc and color as others do, but we com-
 bine them with a 72 years' knowledge and
 long-time skill.

Our white-lead base is finely ground pure
 white. It must pass through a silk screen
 with 40,000 meshes to the square inch.
 We use special machines for mixing the
 materials in scientifically exact proportions.

So Fuller colors are exceptionally clear-
 toned and Fuller house paints are noted
 for covering capacity, ease of spread and
 great durability.

If you want from five or more years' pro-
 tection for your property investment, get
 Fuller's western paint for western weather
 conditions—a paint you know,

Fuller's
SPECIFICATION
House Paints
 Phoenix Pure Paint
 Pure Prepared Paint
