re:	Fischer Lime & Cement		

Jack, Fischer is still getting All Purpose with asbestos in it. Sterling Clark mentioned that to me today and I guess I'd either forgotten it or didn't know it or something but ol Sterling makes it special for Fischer. Everybody else is asbestos free and with no complaints. Well, I guess the only complaint is we can't make enough of it. The point is we sell the regular asbestos free everyplace and everybody likes it.

The deadline on total asbestos elimination is July. He'll have to shift then. So why not shift Fischer now to asbestos free? What do you think?

W. D. B.

WDB/kb

3/11 - Jack ordered 2 TK. One has asbestos free all purpose on it
