Nancy, I could not agree more with Roy. I know RJ really appreciated and enjoyed the opportunity this morning. Many thanks!

Administer Pruitt and the EPA team were very gracious with your time. We look forward to our continued efforts together on this very important work.

I have added Jack Bobo who leads our Government Affairs for Intrexon and will work to follow up with you and others at EPA.

Thank you,
Tom

Tom, Roy, and Keith,

It was a pleasure to meet you all today (and yesterday). The work you are doing is fascinating to me, not to mention the large potential public health significance.

I've checked with Rick Keigwin, the Acting Director of our Pesticides office, and he has confirmed that you can indeed submit the registration request, and begin the process, before the authority is transferred from FDA to EPA. Rick is cc'd above if you have any specific questions about how to make this happen. I'm sure his staff can provide assistance.

Regards,

Nancy
