Re: Talc Freight Classification

Dear Mr. Sigler:

We wish to confirm our long distance call of today regarding proper freight classification to apply on Talc shipped to you by Whittaker, Clark & Daniels, Inc. The bill of lading should read as follows:

2,000 - 50-lb. bags Talc Tailings.

The proper rate should be .75 cwt. as defined under Item 18150 - Part 3 - Commodity Rate Column 713 - SWL Freight Tariff - SW-2004-I.

All future bills of lading on cars to you will show as above listed.

Mr. Harry Corby, Pioneer Talc Company, Allamore, Texas plant will get revised bill of lading to T & P today to cover car MP-355986 shipped October 1, 1971, to enable S. P. to issue proper freight bill.

Please do not hesitate to call us anytime you feel we may be of assistance to you.

Yours very truly,

RIBELIN DISTRIBUTORS, INC.

Rex Boyd
