FDA

To President Bill Clinton

Dear Mr. President:

OVARIAN CANCER, America's Number One cause of gynecologic cancer death,
is being disgracefully neglected.

My grandmother, who used talcom for years, has just been diagnosed with
OVARIAN-CANCER.

Please help the women of America, by actively supporting a pending
Citizen's Petition to the Food & Drug Administration to require
carcinogenic labeling of cosmetic powders containing talc (Docket Number
94P-0420/CP 1). Talc use in the genital area increases risk of OVARIAN
CANCER.
