Mr. James M. Hicks
Owens Illinois Glass Co.
Research Division
1710 Westwood
Toledo, Ohio

Dear Mr. Hicks:

At the time of the All Ohio Safety Congress, you ask that I send you a copy of the Cedric Foster speech if one became available. Information at the present time is to the effect that no recording was made of the speech but the Division is attempting to get an outline from him. If and when he furnishes that, the Division will publish the information in the O.I.C. Monitor. You will be welcome to that material if you so request.

As I remember, you also ask me to do something else, but I did not make a notation of it and as my memory is sometimes quite short, I have forgotten. If you remember what you wanted, would you be so kind as to let me know and I will be glad to try to send it to you.

The writer plans to be in Toledo during the early part of the week beginning May 26. I will be glad to come to your office and go over with you the various problems of safety and industrial hygiene which might come up in your department. If you should so desire that I do drop in, kindly let me know.

Very truly yours,

Lester M. Perritt,
Industrial Hygiene Engineer.
