SUBJ: PERIODIC BUSINESS AREA REVIEW MEETINGS

VISTA

As a follow-up to the recent discussions regarding new product development guidelines and Environmental's "need to know", I am requesting that I be put on your distribution list for routine product and marketing review meetings (i.e., VALAMO).

As was discussed, this would give us an opportunity to be involved in early discussions regarding development of new products, and allow timely action to assure regulatory and product liability concerns are addressed.

Thank you for your attention to this matter.

Thomas G. Grumbles
