1810 Frontage Road
Northbrook, Illinois 60062

Dear Kep:

Attached is a list of eleven studies which have been conducted in the past at your laboratory. In each of these instances tissues were to be collected and sent to Dr. E. S. Tucker for determination of residue. Insofar as I can determine, these never were sent.

Could you check to determine whether you still have these tissues. If so, would yeu kindly arrange to send them to Dr. Tucker.

These should be addressed:

Dr. E. S. Tucker
