around the Franco-Spanish frontier, Marx who produced Soviet Russia, the anti-war ideals of post-war Europe and America which have established the League of Nations.

Clay as Food

There are certain people on the earth who eat clay. They are found in China, New Guinea and Malaya. Often this curious food is treated in something like the same way that other nations treat grain. It is mixed with water, made into a paste, and freed from sand and stones and rubbish. Then it is shaped into little cakes and baked in an iron saucepan.

William and Tom Marken and Sedley Pillow started Wednesday morning on a trip to Mather and the high Sierra. At Mather they will be joined by John Coulter, formerly of Morgan Hill. They expect to return October 7.

Mr. and Mrs. Alfred Jackson and Miss Ruth Lowe spent the week end at Grizzly Island, near Suisun and enjoyed the fishing. They

WHEN we say "fresh" paint, we mean JUST THAT—paint that's freshly mixed right at the job to suit your house and tinted to the exact shade you want.

No coat of cloth will fit all persons and no coat of paint will fit all surfaces. Every job of ours is a made-to-measure job . . . made to measure up to a high standard of quality.

We use Dutch Boy white-lead because it gives us a chance to do the kind of work that makes satisfied customers. Ask us for an estimate on a real paint job—no obligation, of course.

FARMERS' UNION

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a *natural* laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any druggists, ready for use. Member N. R. A.
