August 7, 1972

Mr. Joseph R. Darby
Monsanto Company
1700 S. Second Street
St. Louis, Missouri 63177

Dear Joe:

A short time ago, I sent you a copy of the Ohio Air Pollution Control Board's descriptions of various type solvents in which we discussed whether phthalate plasticizers fell within these descriptions or not. I am assuming you have now had time to review this pamphlet and would like, from you and Monsanto, some expression as to the nature of phthalate plasticizers and if they fall into the non-photochemically active classification. As you realize, our deadline on this is August 15, 1972 so we have a very short time in which to prepare our compliance letter.

My best to you and all my friends at Monsanto.

Sincerely,

John H. Wing, Vice President
