C. F. Buckley

The following results were obtained on our portions of the samples taken by EPA representatives on 1/27/76.

#/day

Sample No.	Location	PCB's	
0349	Eff. at 246	excluding 1221	0.56 ppm 1.3#
		including 1221	1.3 ppm 2.1#
0350	Incinerator	4 ppb	0.01
0352	Sauget Inf.	9 ppb	1.1#
0353	Sauget Eff.	21 ppb	2.6#

Note - Aroclor 1221 should not be considered as polychlorinated biphenyl nor an environmental hazard. It contains an average of 1.1 chlorine atoms per molecule and is biodegradable.
