Dear Mr. Tuttle:

Thank you for your letter of March 22, 1976, in which you answered some concerns expressed in my letter of March 10, 1976 to you. These questions were about the safety of possible PCB replacement fluids.

I understand that Dr. Galler's office has arranged a meeting at 2 p.m., April 9, 1976, with representatives of the PCB Ad Hoc Committee for the capacitor industry. I am looking forward to his report following that meeting.

Sincerely,

Elliot L. Richardson
