Subject: RE: REACH restriction on PFHxA

Dear [REDACTED]

Indeed the Commission has received the opinion and there is going to be a plan on the visits from the stakeholders.

First the Commission would see the associations and then individually companies if needed for confidentiality matters. (at least this has been planned in the past and I suppose it is still on).

Having said that, the starting time has not been determined yet.

I put in cc my colleagues and please come back to them when all these matters would have been fixed by the Commission.

You should also be aware that these meetings will take place together with DG ENV who is co-responsible and there, my shadow colleague is [REDACTED] [@ec.europa.eu](mailto:[REDACTED]@ec.europa.eu)

Last, I would like to inform you that I will be off from REACH Unit on the 16th of June.
I would appreciate to contact my colleagues to arrange further steps on the PFHxA.

Kind Regards

[REDACTED]

Subject: REACH restriction on PFHxA

Dear [REDACTED],

EDANA, the association representing the nonwovens industry, has actively contributed to the REACH restriction process on PFHxA. Now that the ECHA final opinion has been published, would it be possible to meet to understand the Commission's next steps?

best regards,

[REDACTED]
