Dear Mr. Lenarcic:

On February 14, 1975 you declined payment of the above reference bills, and indicated we should bill North American Asbestos. For your ready reference, a copy of your letter is enclosed.

In compliance with your request, I billed North American Asbestos for these charges. Receiving no response, I telephoned Ms. Joan Holtz of North American Asbestos. She declined payment, stating Foseco is responsible.

This letter is to advise all parties concerned that Riss International has performed a service, and is entitled to be paid. We have carried some of these bills on our books for over two years, and are most anxious to close our files on this matter.

Please review the enclosed and allow us your remittance, or state your reasons for non-payment.

Very truly yours,

RISS INTERNATIONAL CORPORATION
