Wayne Bryce -
1. Operator in 19 afraid of Vapor proof suit - Supv feel they can teach him & eliminate Clostrophobia. This is a new person - all employees feel and don't want to depend on this to save their life. Person not undesirable strictly from safety X

2. ~~Good~~ Getting better results on Local Unit problems X

W. Baker
1 Dempster Dumpster problems - Location of Dumpster in Dept 51 Creates hazard for traffic

3. Ball valves - Pressure on line trapped in valve ball - Incident in Inst shop several months ago suggest that when valves are removed from line for repair or check valves be opened cautiously and washed out X
