Mr. Paul J. Grimm
7597 Preston Road, N. E.
Newark, Ohio 43055

Dear Mr. Grimm:

I received your letter regarding the possible use of asbestos materials in your work place with Owens-Corning Fiberglas of Newark, Ohio. I have referred your letter to our Division of Safety & Hygiene for their review and possible contact with yourself and the employer. I have also referred a copy of your letter to Mr. Maynard, Director of the Ohio EPA for their review and consideration.

I am hopeful that our review and discussion with the employer will result in a resolution of the present work place concern that you have and it is anticipated that we will correspond further with you in the future. The sample specimen you included in your letter will be sent to EPA for their analysis.

Yours truly,

Leonard T. Lancaster
Chairman
