

HOMES and BUILDINGS

Thousands of homes and buildings in this valley contain quantities of materials from our organization, since 1879, and the number grows larger every year. We can supply almost everything needed to build. We have upheld the high quality and fair price standard always.

Let us help you with any building plan from a step ladder to an apartment or factory, just as we help hundreds yearly.

Our lumber stocks are always large in all grades.

SALVAGE DEPARTMENT

Our salvage department is a "bargain basement" on the ground floor. It is filled with money savings lumber odds and ends. Visit it often. You'll want some things you see there at oh-so-low prices.
