Lost Work Day Display - Will be updated to 7.9M manhours. Condition of displays will be reviewed and needed repairs will be made.

Job Safety Analysis - J. Gatewood will issue a general notice to plant supervision reminding them that all J.S.A. training should be completed by Sept. 1, 1985.

H.S.C. - J. Gatewood will poll new H.S.C. members to determine bicycle requirements for committee members.

Texas City Terminal - John Wilbeck will review status of safety equipment checked for railroad employes while in the plant.

Annual Safety & Housekeeping Inspection

Date - Present target is for first two weeks of October. Chocolate Bayou inspection will be during the first week, followed by the Texas City inspection during the second week.

Pre-Inspection - The third quarter inspection will be conducted in Sept., and will be used as a "pre-inspection".

Theme - To be determined

Inspection Teams - Need to select teams by first week in August. Tentative make up will be a general supt., operations foreman, two wage and a safety rep.

Team Drivers - Members of the H.S.C. will be nominated as inspection tour guides/drivers.

Publicity - R. Coleman and R. Hammann to publish off-the-job safety statistics.
