CARL E. OFFICER, Mayor

February 1, 1988

Mr. Bill Boyle, Plant Manager
Monsanto Chemical Plant
Sauget, Illinois

Dear Mr. Boyle:

I would like to take this opportunity to extend to you my sincerest appreciation for your role of assistance in the "GOOSE HILL" evacuation of January 12, 1988.

Your efficiency, professionalism and overall demeanor and actions played an integral part in our successful handling of the situation.

While I do not actively look forward to other such incidents, I do feel however, that should future emergencies occur, that I can be rest assured as Mayor, that I have access to the necessary professionals and talent such as that which you have displayed, which will enable the city of East St. Louis to respond and act in a competent manner which is unparalleled by, perhaps any administration in the country.

Again, thank you for a job splendidly done.

Sincerely,

Carl E. Officer, Mayor
East St. Louis, Illinois
