Dear Colleagues,

I hope you are all well and safe!

I apologise for coming back later than originally planned, both for working and family issues.

First of all, thanks a lot for your active participation in our April-webex! It was great to see so many PFAS Members there! ☺

It was a very good opportunity to have a fruitful discussion on many topics and for me to start getting familiar with the group!

I have added again [REDACTED] in the mailing list. Please if you note that someone is still missing let me know!

Today we have finalised the upload of the files related to our previous webex, which you can find here:

Path:

/CircaBC/echa/Regulatory_Risk_Management/Library/meetings_workshops/PFASs/Meetings/23 2020_April_Webex

Browse url: <https://webgate.ec.europa.eu/s-circabc/w/browse/256c2b7b-8a05-4dee-876b-523b36c65160>

Specifically you will find:

- the agenda with the notes and action points (highlighted in yellow),
- the 2 presentations made during the webex by Martjin and [REDACTED]
- the presentations made at the workshop on analytical methods (report still not available)
- the Stakeholder workshop report made after the workshop on textiles
- the presentation made by Gore

By the way, did you notice already our hot topics page on PFAS?

<https://echa.europa.eu/hot-topics/perfluoroalkyl-chemicals-pfas>

I hope this may be useful and interesting to you!

To conclude, let's keep using our functional mailbox, PFASs [REDACTED] for exchanging info. Please copy me in! ☺

I will use the functional mailbox to request the info related to this action point (as discussed in our previous agenda)

- Feedback from WG members following the submission of the letters from their respective Ministers.
Specifically to clarify who has signed the letter in each MS

Just to let you know, here at ECHA, we are still teleworking. Probably back at work in a few weeks.

However, I would try to organise a new webex before the summer holidays (before July), as previously discussed.

I will launch a doodle in the coming weeks.

Take good care and please do not hesitate to come back with updates and proposals for our

next webex.
Always nice to hear from you!

Kind Regards

Risk Management I / D3
