Design Review Comments

PER OUR DISCUSSION THE TOP FLANGE ON THESE VESSELS CAN BE ELIMINATED IF THE SPARGER MANWAY IS INCREASED TO 20"X36". CONSIDERATION SHOULD BE GIVEN TO MAKING THE SPARGERS OUT OF MONEL. SUGGEST WE USE OSCAR MAYER'S SPARGER DESIGN WHICH I SENT TO YOU.

CHLORINATORS #8 & #9 (ITEMS I-414 & I-418) MUST HAVE SIDE NOZZLES WHICH WILL ALLOW EITHER UNIT TO BE OPERATED AS THE FINAL CHLORINATOR.
