

LEAD INDUSTRIES ASSOCIATION

480 LEXINGTON AVENUE

NEW YORK 17, N. Y.

March 31, 1947

To Members of the Lead Industries Association:

SUBJECT: RESIGNATION OF SECRETARY-TREASURER

I have resigned as Secretary and Treasurer of the Lead Industries Association to accept an appointment as assistant to the President of the St. Joseph Lead Co., on May 12, 1947.

Words can not begin to express my deep appreciation and gratitude to the Executive Committee, the Board of Directors, and the members of the Lead Industries Association, and the staff, all of whom have helped it to grow to a position of high international repute and exceptional industrial and public usefulness.

The Association was established originally on a basis whereby everyone interested in lead, both nationally and internationally, from mine to finished product, could find an agency willing and anxious to serve the lead industries on their common problems. Through the vision of its founders this system of operation has proven eminently sound and practical. Witness the fact that it is steadily attracting new members to its ranks without benefit of any membership committee or drive.

I leave the Association with the assurance that although, after May, I shall no longer be in active charge of its operations I shall still be available when my efforts may assist the industry.

Respectfully yours,

J. H. Brown
Secretary
