DATE: June 24, 1970

FROM: T. F. Egan

Gentlemen:

There have been recent references to our new Mono-Kote as the "Cellufloc" product. This is proprietary information and should not be used by anyone, least of all our field sales force.

For any verbal comment required about the asbestos substitute, please refer to it as simply Type C, filler. It's medically safe, and I will have data to substantiate the Mono-Kote medical credibility as soon as possible.

Yours truly;

Thomas F. Egan

TFE/jac
