Dear Sir:

Through Mr. A. E. Mittnacht of the Ethyl Gasoline Corporation it has been brought to my attention that your company is interested in a case which will appear before the Massachusetts Industrial Accident Board, - a case in which a garage mechanic at Lynn, Massachusetts is reported as suffering from lead poisoning. Mr. Mittnacht has asked that I write you on the matter.

In as much as I do not have any detailed information as to the history of the case, it is not possible for me to make any intelligent comments on the subject. I should be very much pleased, on account of my interest in this entire subject, to have all of the available facts at my disposal, after which I should be glad to give you such information as I can offer.

Very truly yours,

RAK:EJ
