

1 brush it out because the dust is bad.

2 Did I read that correctly?

3 A That is what it says. That is what it
4 says.

5 Q Down the bottom, under general conclusions,
6 it says none of our contact felt that air blowout is a
7 necessity. All realize there is some degree of health
8 ramifications involved.

9 Did I read that correctly?

10 A Yes, you read it correctly.

11 Q I don't want to ask you about this; I don't
12 want to get bogged down in details.

13 I also understand that Ford had a conference
14 on friction product exposures in Great Britain in
15 1969; is that correct?

16 A 1969 there was a conference. I don't think
17 Ford Motor Company was the only one, but that is where
18 the Hackish and Knight and Knight and Hackish papers
19 were presented, and there was a conference, yes.

20 Q In fact, the conference was a conference on
21 exposure to asbestos during brake and clutch
