Dear Dr. Wong:

Enclosed is the information you requested on employees involved in the previous Vinyl Chloride Study.

The study ID was of no meaning to us. Using our computer we matched birth date and hire date and were able to come up with information on 74 employees. We've attached the computer printout to the appropriate worksheet. The printout gives you all the data you requested. I manually rated the job titles 1 (exposed) or 0 (unexposed).

If you have any questions please call me at (504) 389-8292.

Sincerely,

M.F. Currier, M.D.
Medical Director
