Subject: Ballot for SRP Members
Importance: High

Oversight Committee Members;

As mentioned in the conference call for today, below are the present members of the Scientific Review Panel, along with recommendations for first choices and alternates (in priority order) for each of the areas of expertise. Please indicate approval or disapproval for each candidate and alternate. Indicating approval of an alternate will allow me to contact them if the primary choice is not available. Thank you in advance for your quick response.

Epidemiology (2)

1. Nancy Mueller (Harvard) - Approved and has accepted
___ yes ___ Martha Linet (NCI) - 2nd
___ do not know; cannot comment/vote ___ Robert Millikan (U. North Carolina) - 3rd choice.

Industrial Hygiene/Exposure Assessment (2)

European Slot

- _ yes, 2nd ___ John Cherrie (Univ. of Aberdeen) - 1st
_ yes, 1st ___ Chris Gray (Geelong University, Australia) - 2nd

Shell understood that Gray was the 1st choice and that Cherries was 2nd choice

American slot

SHELL-MCCLURG-051770

☐ yes ☐ Robert Herrick (Harvard) - 1st
☐ yes ☐ Tom Smith (Harvard) - 2nd
☐ ? ☐ Robert Harris (U. North Carolina) - 4th

Statistics/Study Design (1)

☐ yes ☐ Richard Peto (Oxford University) - 1st
☐ yes ☐ Kenneth Kopecky (U Washington/Fred Hutchinson Cancer Center) - 2nd
☐ ? ☐ Nicholas Jewell (UC Berkeley) - 3rd

Hematology (2)

yes 1. Richard Larson (U. Chicago) - Approved and has accepted
☐ ?, don't know; cannot comment; vote ☐ Mark Minden (Ontario Cancer Institute)

Hematopathology (1)

yes James Brunning (U Minn.) - Previously approved by the OC.
(Any more candidates for this slot?)

Genetic Toxicology (1) (2)*

☐ yes ☐ Li Guilan - Recommended as a representative of China
☐ yes ☐ Richard Albertini (U. Vermont) - 2nd.
☐ yes ☐ Julian Preston (EPA) - 3rd
☐ Ray Tice (Integrated Laboratory Systems) - 4th

Shell's understanding is that Li would accept and, therefore fills 2 criteria, that as a subject matter expert and that as a Chinese representative. *Albertini or Preston would then fill a needed 2nd slot

General Biochemistry (1) - actually more than one recommended to obtain broader representation

yes Jerry Rice (IARC) - Approved and has accepted.
☐ yes ☐ Helmut Greim
