Dear Ms. Finnegan:

Thanks very much for your good-tempered reply to my recent gaff. I have found in writing to the Royal Society of Health & Hygiene that it continues, indeed, to exist but that it has no intention of laying any claim to the extension of the original book.

I, more or less, as a matter of course would prefer to deal with an American Publisher and we shall see how this can best be done. Obviously, the present Director of the Institute will have a hand in this, since it must meet his approval and it is now his responsibility to bear the brunt, or the credit, as may be, for the delayed presentation.

Cordially yours,

Robert A. Kehoe, M.D.
Professor Emeritus of
Occupational Medicine
