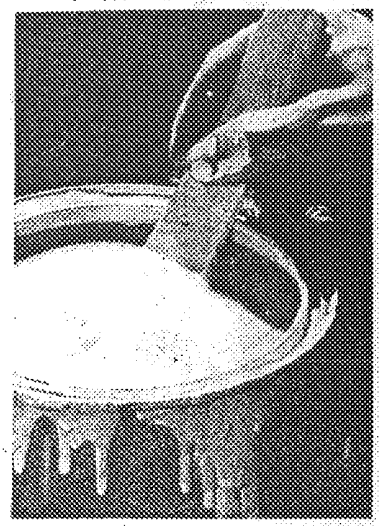
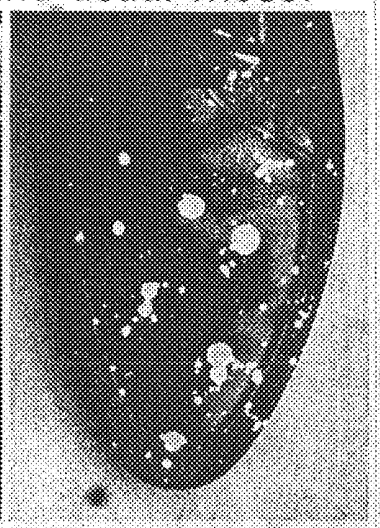
Paint without the usual mess!

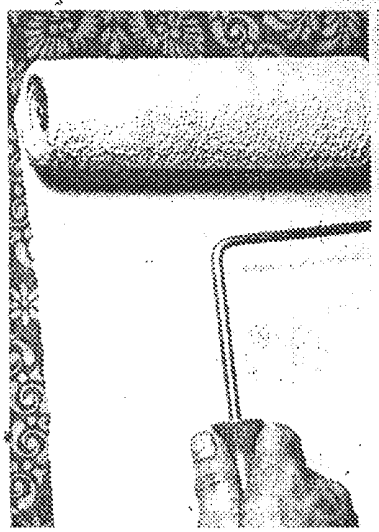




Forget about messy stirring. Now Du Pont LUCITE Wall Paint comes entirely ready to use, right out of the can. Just pry off the lid and start right in to paint. No stirring, no thinning, no fussing at all.

No annoying drips like this. LUCITE is easy on slines. Floors, too. Doesn't drip or splatter the way regular paints do. Ready stays where you put it. That's because it's thicker, richer, fuller-bodied.

Only LUCITE Wall Paint is so clean, easy and quick!



Covers almost anything. Plaster, old paint, wallboard, wallpaper. Goes on quickly with either brush or roller, dries in 30 minutes. Touches up later without streaks or lap marks. Completely washable, too.

Modern, matching colors. For woodwork, kitchen and bathroom walls and ceilings, use Duco® Satin-Sheen Enamel in matching LUCITE colors. Get them both now—at your neighborhood paint dealer's!

Check here for LUCITE dealer nearest you, or call AT 4-1334
