Dear Customer:

We were pleased that you could participate with us recently in our short seminar on Asbestos and Health. We hope the presentation was as beneficial from your point of view as it was from ours.

Since those meetings in Los Angeles and San Francisco in early December, we have had a number of requests for transcipts of the presentations made by our Johns-Manville team. In light of those requests we have prepared transcripts of each talk and are sending a full set to each of the people who attended the meetings. In addition, we are sending a set to each of the people who unfortunately were unable to attend as planned.

We hope this material will prove useful to you. Of course, if you have any questions regarding any of the topics covered or not covered in our presentations, we would be pleased to hear from you and will make every effort to provide answers as soon as possible.

Thank you again for your participation and your interest.

Yours very truly,

N. W. Hendry
General Sales Manager
