This letter was our reply from G.S. Robins Co. on the items listed at the bottom of letter.

TO ALL BONDEX SUPPLIERS:

No doubt you are aware of the proposed ban on asbestos containing wall patching materials now before the Consumer Product Safety Commission.

We believe this ban will take effect in the near future with possible further implications as to asbestos in consumer products.

Accordingly, we believe it is both important and urgent that we receive from you verification by letter that the raw materials listed below and purchased from you do not contain asbestos.

Your response to this request will be appreciated.

Sincerely yours,

BONDEX INTERNATIONAL, INC.
