LOS ANGELES, Oct. 22.—Two persons are at the point of death here today and another is undergoing treatment for a severe gunshot wound of the arm as the result of a neighborhood altercation which arose when Mrs. Denise Hornsby refused to consider a reconciliation with her husband, Moses Hornsby.

In the battle that followed her refusal her son Gene was perhaps fatally wounded, a neighbor who interposed was shot through the arm and Hornsby then turned the pistol on himself, inflicting a mortal wound.

Mrs. Hornsby and Hornsby have been estranged for several months and when she declined to return to him he threatened her with death, she said.

as the best means of limiting their claims to the economic sphere and saving the workers from the influence of politics. The manifesto issued by the socialist leaders is now a direct call to the workers to political action, the beginning of a resistance.
