From: R. B. Von Wald - 5 West

Copies: File/Chrono

Subject: TRAVELERS
ASBESTOS CONTENT INSURANCE

I have enclosed a copy of the material we have received from Railroad Friction Products announcing that the Travelers has notified Cobra and Railroad Friction Products that they will no longer provide insurance for any products with asbestos content. This falls directly within the information you received during your recent meeting with the Travelers.

If you have any particular thoughts as to responses and avenues to follow in this case, please let me know.
