BON - 00413

METHOD OF AWARD:
For Items 1 thru 56, Award will be made on a Item by Item basis in each weight category (A and B) and for Items 57 thru 81 Award will be made on a Item by Item basis, based on the Government's estimated peak monthly requirements to the low responsive offerors up to their stated monthly supply potentials. Within the limits prescribed by the offeror, the Government will apply offeror's monthly supply potential to any items or groups of items offered, as the Government's interests require. In order to qualify for an award, the offeror's monthly quantity limitation must cover the Government's estimated peak monthly requirement for each group or individual item to be awarded to the offeror. Individual items will not be subdivided for award purpose. Bids submitted F.O.B. Origin will not be considered for award.

SOURCE INSPECTION: Bidders are requested to insert below the name and address of each manufacturing plant or other facility where supplies will be available for inspection, indicating the item number(s) to which each applies:

ITEM NO.	NAME OF FACILITY	ADDRESS
57-59 thru 64-66-67-69-70 71-72-74-75-76-77-79	The Reardon Company , 3616 Scarlet Oak Blvd.,	St. Louis, Mo.
58-65-68-73-78-80-81	The Reardon Company	Toms River, New Jersey

DELIVERY PRICES - F.O.B. DESTINATION:
Prices bid must cover Delivery F.O.B. Destination to the GSA Supply Depots specified herein. Consignment instructions for these destinations are indicated on GSA Form 1126 "General Services Administration Supply Depots and Consignment Instructions", dated January 1971 and as provided below.

(a) Delivery to the door of the specified Government activity by freight or express common carriers on articles for which store-door delivery is provided pursuant to regularly published tariffs or schedules duly filed with the Federal and/or State regulatory bodies governing such carriers, or, at the option of the Contractor, by parcel post on mailable articles; by contract carrier, or by Contractor's vehicle;

(b) Delivery to siding at destination when specified by the ordering office if not covered under Para. (a) above:

(c) Delivery to the freight station nearest destination when delivery is not covered under Para. (a) or (b) above:

PAYMENT: The contractor shall submit invoices on items chargeable under the terms of the contract to the ordering agency, in accordance with the billing instructions furnished on the ordering agencies' purchase orders.

PAYMENT ADDRESS: The bidder shall indicate below the address to which Government checks in payment of invoices submitted under any resultant contract should be mailed.

UNITED STATES OF AMERICA
GENERAL SERVICES ADMINISTRATION

Region 5
219 S. Dearborn Street
Chicago, Illinois 60604

DATE: November 16, 1971

ATTN OF: 5FPT

SUBJECT: Contract Award CHN-FT-71-047
Contract No. GS-05S-8270

CERTIFIED MAIL

The Riardon Company
3616 Scarlet Oak Blvd.
St. Louis, MO 63122

Gentlemen:

Contract GS-05S-8270 has been awarded to your firm, conditioned upon compliance with the enclosed price certification.

Contract award made to your company under the subject procurement represents a key requirement for timely and effective delivery to the General Services Administration distribution system serving Federal Government agencies.

This letter is to request your personal attention to fulfill the terms and requirements of the contract, and specifically to provide for prompt notification and advice to the buyer designated below of any problems or difficulties you encounter in making deliveries according to the schedule specified in purchase orders from our Region and in the quantities ordered.

It is extremely important that requirements in excess of your production capacity or contract maximums; that plant, supplier, or local difficulties precluding deliveries of items as specified; or any other delays, anticipated delinquencies, or delivery problems, whatever their nature, all be reported immediately by telephone or telegram to the buyer or contract administrator herewith designated:

General Services Administration
Everett McKinley Dirksen Building
219 South Dearborn Street - Room 1386
Chicago, Illinois 60604
Telephone (Area code 312) 353-5509

Upon receiving a report from you, immediate action will be taken by this official to arrange rescheduling of shipments or adjustment of quantities to the extent practicable or to assist on your problems or delivery difficulties in any way possible. The objective is to completely, expeditiously, and efficiently provide the supplies and equipment to Federal agencies

Keep Freedom in Your Future With U.S. Savings Bonds

BON - 00421

through the regional General Services Administration distribution system so as to preclude any delays or relinquendes, thus assuring timely availability of supplies needed to carry our Federal programs and operations.

The provisions of this letter are being applied to all regional General Services Administration contracts now in effect for replenishment and issue of inventories or for direct shipments to users of items in the General Services Administration distribution system. Our procurement facilities, including the required inspections and expedition action by General Services Administration inspectors are available for consideration of and action on all problems or delays reported by you. We know that your careful attention to the General Services Administration requirements and your prompt reporting will prove of mutual benefit.

Acknowledgment of this letter requires only your signature in the space provided below via extra copy furnished for your convenience. An additional space is provided for designation of a particular contact point in your company, if other than yourself. Any comments you wish to make will be welcome.

Sincerely yours,

V. J. Mesetz

PRICE CERTIFICATION

(a) By submission of this bid (offer) bidder (offeror) certifies that he is in compliance and will continue to comply with the requirements of Executive Order 11615, August 15, 1971, and for the duration thereof, and further certifies that the prices bid (offered) herein either conform to the requirements of Executive Order 11615 or shall be reduced accordingly at the time of any billings that are made during the effective period of the Executive Order.

(b) Prior to the payment of invoices under this contract, the Contractor shall place on, or attach to, each invoice submitted the following certification:

> "I hereby certify that amounts invoiced herein do not exceed the lower of (i) the contract price, or (ii) maximum levels established in accordance with Executive Order 11615, dated August 15, 1971."

(c) The Contractor agrees to insert the substance of this clause, including this paragraph (c), in all subcontracts for supplies or services issued under this contract.

Barbara Peiffer

Henry Ruby

December 6, 1971

Dear Henry:

Please find attached the first of a number of GSA orders we will be receiving per their acceptance of our bid. I'm sure you've handled these in the past and know what to do; if you have any questions please advise.

Also, this is a running contract with GSA and I will have to supply them with a report on the 10th of each month for orders received and shipped. The information I'll need from you is the date the order was shipped and the quantity shipped; as the orders will be coming in here first I'll be able to get all other information before I forward them on to you.

Best regards,

Barbara

Mr. V. J. Mesetz, Contracting Officer
General Services Administration/BSC
Everett McKinley Dirksen Bldg.
Room 1462
219 S. Dearborn Street
Chicago, Illinois 60604

Dear Mr. Mesetz:

RE: GSA Contract No. GS-05S-8270 dated 7/13/71

Please be advised that we will manufacture all GSA goods referred to on Contract No. GS-05S-8270 at our St. Louis, Missouri 63122 plant.

We had originally specified that the three destinations in the East would be supplied from our Toms River, New Jersey plant. We anticipate union problems at this location and, for that reason, would like to manufacture all the goods in St. Louis in order to meet shipping schedules.

The change in shipping point will in no way effect projected delivery dates re your contract.

Best regards,

Douglas Wood

February 24, 1972

Mr. Leland G. Walls
Quality Control Representative
Federal Supply Service
1520 Market
St. Louis, Missouri

Dear Mr. Walls:

We would like to apply for Quality Assurance and would like to explain our mixing and packing procedure when making Wallboard, Tape and Joint Cement, Stock No. 5640-505-8212 for which we have a contract, for a period of time, on Award No. GS-05S-8270. I will list below, step by step, how the material is mixed, milled, packaged, etc.

No. 1 - The raw materials are all weighed out in accordance to the formula.

No. 2 - Step by step they are charged into ribbon mixers in proper sequence.

No. 3 - The mixers are then turned on and run for a period of not less than 20 minutes to assure proper blending.

No. 4 - A sample is then taken from the mixer, weighed out and mixed with water to make certain the consistency is correct. A sample of the material is actually applied to wallboard to check for proper adhesion, shrinkage, etc.

No. 5 - The mixers are then emptied into the holding hopper at which time it is milled.

No. 6 - Automatic scales are then adjusted and the bags are filled with 25# of powder. The bags, of course, have been preprinted with all pertinent GSA information — stock number, item name, purchase order number, etc. The shipment is then ready for any samples you wish to take for further examination by your people in Kansas City.

Should you have any questions on our procedure, please do not hesitate to call me at 225-5001.

Best regards,

Douglas Wood

Report No. 12-3-1791

Examination of Joint Compound sample for conformance to Federal Specification SS-J-570A

TEST REPORT

Identification: Joint Compound; Type I – Joint Compound; Style I – Regular finish, powder. Order No. S-4-02919. Contract No. TC-GS-053-8270.

Para.	Test	Test Results	Requirement
3(a)	Cracking	Complies	No cracks in the thinner half of wedge and no deep fissure cracks in the thicker half of wedge.
3(b)	Putrefaction	No Putrefaction after 4 days	Putrefaction gone in less than 4 days
3(c)	Shrinkage	Passes	No Less than 35%
5(a)	Bond or adhesion	Excellent	Adhesion not less than 90%
5(b)	Edge Cracking	Complies	7% – not to exceed 10%

Respectfully submitted,

Douglas Wood
Vice President

January 27, 1972

Report No. 1-10-2791

Examination of Joint Compound sample for conformance to Federal Specification SS-J-570A

TEST REPORT

Identification: Joint Compound; Type I – Joint Compound; Style I – regular finish, powder. Order No. D-W-71623-1. Contract No. TC-GS-05S-8270.

Para.	Test	Test Results	Requirement
3(a)	Cracking	Complies	No cracks in the thinner half of wedge and no deep fissure cracks in the thicker half of wedge.
3(b)	Putrefaction	No Putrefaction after 4 days	Putrefaction gone in less than 4 days
3(c)	Shrinkage	Passes	No less than 35%
5(a)	Bond or adhesion	Excellent	Adhesion not less than 90%
5(B)	Edge Cracking	Complies	7% – not to exceed 10%

Respectfully submitted,

Douglas Wood
Vice President

March 28, 1972

Report No. 1-16-2791

Examination of Joint Compound sample for conformance to Federal Specification SS-J-570A

TEST REPORT

Identification: Joint Compound; Type I - Joint Compound; Style I - regular finish, powder. Order No. D-W-71895-1. Contract No. Tc-GS-05S-8270.

Para.#	Test	Test Result	Requirement
3(a)	Cracking	Complies	No cracks in the thinner half of wedge and no deep fissure cracks in the thicker half of wedge
3(b)	Putrefaction	No Putrefaction after 4 days	Putrefaction gone in less than 4 days
3(c)	Shrinkage	Passes	No less than 35%
5(a)	Bond or adhesion	Excellent	Adhesion not less than 90%
5(b)	Edge Cracking	Complies	7% – not to exceed 10%

Respectfully submitted,

Douglas Wood
Vice President
