My dear Grieve,

Thank you very much for sending me copy of letter dated the 14th instant to Mr. Pickup, which you have sent to Mr. Collins relative to an interview with Dr. Cottrell of the Home Office.

For my own information, would you let me know -

1. Your Operator, Willenberg's, age.
2. If he has previously been engaged in the Asbestos Industry.
3. How long he has been employed as a Spray operator.

-overleaf-

4. Whether any initial examination was made before engagement.

5. Where did he gain his experience as a Spray Operator, and who taught him how to Spray.

Dr. Cottrell's report will no doubt have gone through to Dr. Merewether, and he will probably raise these points with me.

Yours sincerely,
