The reason for the late awakening was that until recently Indians were so intent on getting

Joan Crawford Weds President Of Bottling Firm

LAS VEGAS, Nev. (U.S.)—Actress Joan Crawford was married to Alfred N. Steele, president of the Pepsi-Cola Co., in a surprise ceremony early today in the penthouse of the Flamingo Hotel.

A spokesman for the hotel said they were married by a city judge and plan to spend some time in Las Vegas.

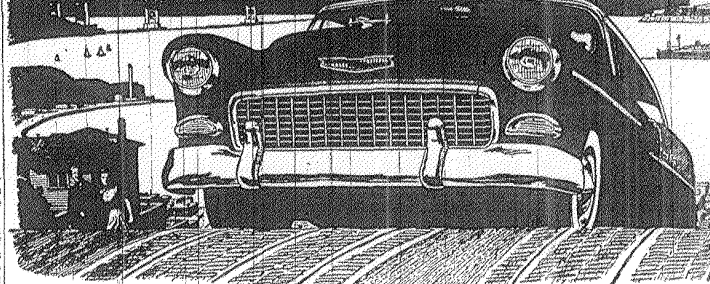

The veteran actress and Steele met about three years ago. They were seen together in Hollywood recently when he was in Southern California on a business trip.

Two Troopships Due To Arrive at Seattle

SEATTLE (U.S.)—Two troopships are due here with more than 4,000 passengers from the Far East.

The Gen. H. B. Freeman was scheduled to arrive yesterday with 1,447 persons, mostly Army men and dependents.

Today the Gen. William Weigold is due with 3,337 passengers, mostly Army personnel.

Punch-line to the year's hottest power story—

Chevrolet "Turbo-Fire V8"

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches whenever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motaramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? At compact size of a V8 that only the world's leading producers of valve-in-head engines can build, Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under ya!

Pick the one you'd rather be with, then come in and get behind the wheel. You'll see why the Mot Chevrolet is showing its heels to one else on the road!

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive your home. Chances are, you'll save a substantial share of your vacation travel costs!
