C. M. McCullough
J. M. Tissue

TO : Richard McBride

The SHAC Committee has appointed you as Chairman of the 1976 Office Safety Committee. This is a new committee, designed to increase participation and involvement of office personnel in our plant safety effort. The committee has selected you based on your proven record of accomplishments and your leadership ability.

Other members appointed to this Office Safety Committee are Marjorie Grady, Juanita Hicks, Jim Sheehan, and Louis Decker (Loss Prevention Representative).

You will have a particular challenge, as well as a unique opportunity, in being appointed to the first Texas City Office Safety Committee. This assignment will enable you to establish a pattern for making the Office Safety Committee an integral part of our Plant Safety Program.

I will separately transmit to you background information and recommendations made by an Office Safety "Task Force" last fall to assist you in formulating your program.

Arnold Glass and I will plan to meet with your committee within the next month to discuss how your group can fit in with our plant safety effort.

Harold Lacy
H. M. Lacy, Chairman
SHAC Committee
