**Subject:** EPA should withdraw nomination of Matthew Leopold

The EPA press release on general counsel nominee Matthew Leopold was inaccurate and misleading. Mr. Leopold is not fit to serve at the EPA.

Mr. Leopold, as counsel in the Florida Department of Environmental Protection wrongfully fired lawyers who faithfully and effectively served the public while enforcing Florida law against polluters. Mr. Leopold sided with the polluters, contrary to the interests of the American people, contrary to health of our environment.

I urge the EPA confer with the Trump Administration to ensure that Mr. Leopold's nomination is withdrawn.

Thank you for your attention to this important matter.

Sincerely,

Joe Weinzettle
