Dear Mr. Curtis:

Enclosed is our quotation covering the printing of the Therminol FR Leakage/ Disposal bulletin in quantities of 2,500 or 5,000.

We feel the quotation is self-explanatory but should you have any questions, Mr. Boswell will be discussing the project with you in a day or two.

Meanwhile we have entered the bulletin for production and will be sending you a proof shortly. As soon as you have reached a decision as to the quantity to be printed, please let us know.

Many thanks for this opportunity to be of further service.

Sincerely,

Rosemary McCormick
