Dear Mr. Brown:

Thank you very much for your letter of November 3rd giving me the original basis on which the Saranac Laboratory experiments were carried out.

I had hoped to be personally present at the meeting on Thursday, but find it impossible to be there and we will, therefore, not be represented.

I will be interested to hear from you regarding the determination made at the meeting concerning the publication of the report.

I am returning this report No. 3 to your attention under separate cover.

Very truly yours,

T. M. Russell, Jr.,
Vice President
