TO: Dr. Callis

Mr. Wilkinson sent the attached request for the above report to our attention. I in turn checked with Mr. Stohr's office since this was a PCB request -- he responded with the attached note stating that "D. Wood says this is an outdated report but no problem about sending out. D. Wood says that Cole Weber has a copy."

I obtained the attached report from Mr. Weber's office. His secretary had a few copies on file and said that they were still sending the report out if requested.

With your permission, I will forward the report to The British Library.
