Dear Mr. Dutcher:

On a thorough review of Schedule "A" attached to the Agreement for the sale of gypsum products by Bestwall to your company, our people have discovered that there was one error in transcribing the list on Schedule "A" includes a product described as "1/2" insulating board." This should be changed to read:

1/8" insulating board.

Will you please so advise all people concerned of this change?

Very truly yours,

Robert L. Smith,
Legal Department.
