Polysulfide Sealants

Confirming our telephone conversation, John Orem from our St. Louis headquarters and I will have dinner with you on December 12 and will meet you at Good Time Charlie's at 7:30 p.m.

John would like to update you with the progress of our new plasticizer being developed to use in polysulfide sealants, and he will have a sample of the plasticizer for your evaluation of improved adhesion characteristics.

We are looking forward to our visit with you.

Sincerely,

Thomas H. Stark
Senior Sales Representative
