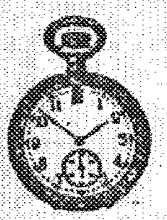
A. B. POST, Cashier

Second Prize—
Talking Machine

Third Prize—
Lady's Gold Watch



PAINT

Now is the time to paint your buildings. Remember—paint preserves. It's really cheaper in the end to paint than it is not to paint. Sun and rain quickly cause deterioration unless surfaces are kept well protected.

PABCO PAINT FOR ROOFS

There isn't a better roof paint made—or we'd be handling it. Prices in 5-gal. lots: Black, 75c a gal.; Red, 90c a gal.; Green, 95c a gal.

PHOENIX PURE PAINT

For exteriors and interiors. It's a pure paint. That's why it has such wonderful spreading qualities. That's why it has such a lustrous finish. That's why it wears so well. Write for prices.
