different than the Carey cement?

A Just had a blue tint to it or a whitish-blue tint.

Q Is that the same tint that the Carey had?

A Yes.

Q Did you use any other type of pipecovering besides the Owens-Corning Kaylo?

A Fiberglass pipecovering.

Q Was that different than the fiberglass blanket?

A Just that it was three foot long and came molded to fit the pipes where the blanket was all one and you had to cut it to size.

Q Was there any particular area that you wouldn't use the fiberglass pipecovering in?

A None whatsoever, no.

Q So it was used all over?

A Right.

Q Did it have any particular purpose different than the Owens-Corning Kaylo pipecovering?

A Kaylo was mostly used for much hotter things
