Mr. Robert B. Dahlgren
Corporate Wildlife Research Unit
South Dakota State University
Brookings, South Dakota 57006

Dear Mr. Dahlgren:

I am having sent to you today samples of Arocolor 1254 and 1262. I am also sending you a chart showing the physical and chemical characteristics of these compounds as well as the acute mammalian toxicity orally and by skin.

Thank you for your interest in our product.

Sincerely,

Jack T. Garrett
Manager, Industrial Hygiene
