AKRON, OHIO

1/7/31.

Mr. Robt. G. Kehoe.  
College of Medicine  
Cincinnati, Ohio

Re. [REDACTED]

Dear Doctor.

When I last examined Mr. [REDACTED] Dec 16, 1930,  
he was in improvement general  
health, ga. petite +.

Function again to return to all involved muscles  
of the hand, and at the time of examination he was  
able to extend the wrist fingers +.  
but of course, due to the atrophy that had developed,  
complete restoration was still far from.  
The significant int. + tha ing  
use of all lost functions.

Sincerely yours.

W. H. Hildreth mll
